MEDICINAL

Love is unequally yoked with sickness. Labor is lightened by love, but love cannot lighten pain or relieve it. Many a man looks on at his wife's suffering willing to do anything to aid her and able to do nothing.

Sometimes, however, the husband's attention is directed to Dr. Pierce's Favorite Prescription and its remarkable cures of womanly diseases. He may not have much hope of a cure, but he is led to try the medicine, with the result that in almost every case there is a perfect and permanent cure.

Dr. Pierce's Favorite Prescription cures irregularity. It dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness.

As a tonic for women who are nervous, sleepless, worn-out and run-down "Favorite Prescription" is unequalled.

"Is answer to your letter I will say, my wife commenced to complain twenty years ago, writes Lewis A. Miller, ex-Chief of Police, of 33 Prospect St., Westport, Pa. 'We have tried the skill of twelve different doctors. She took gallons of medicine during the time she was ill, until I wrote to you and you told us what to do. She has taken eight bottles of Dr. Pierce's Favorite Prescription and she is quite smart.'"

"Favorite Prescription" is the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets invigorate stomach, liver and bowels.

VENEZUELA.

A stirring scene was witnessed off La Guayra yesterday morning and excited the entire city. The Russian bark Feodor was coming in from Cardiff with a cargo of coal for the La Guayra Railway. She was signaled by the allies to stop, but continued on her way. The British cruiser Tribune ran up and fired two blank shots in warning to the offender, but still the bark continued toward La Guayra. Then the Tribune steamed around the bark at full speed and at the same time signaled to the tender Columbine to approach. The captain of the Feodor was compelled to anchor outside, but was permitted to land and communicate with the consules of his cargo. The vessel can remain only five days.

It is announced at Caracas that about 1,100 revolutionists under Gen. Manuel Morales attacked Cumana, in the State of Bermudez, on the 4th, 5th and 6th of this month. Cumana was defended by 500 government troops. January 6, after a hard fight, which lasted seven hours and which was witnessed by the sailors of the British cruiser Tribune, the revolutionists, it is declared, abandoned the field, leaving 300 Mauser rifles and 29,000 cartridges behind them and 200 of their number prisoners in the hands of the government forces. The statement is said to have been obtained from rebel prisoners that if Cumana had been taken the revolutionary leader would have allowed his soldiers to sack the town for eight hours. The revolutionists have been active the last week, knowing, as they do, that if the blockade is raised their cause will become much more difficult.

A dispatch from Willemstad, Caracas, says that notwithstanding the maintenance of the blockade, ammunition is leaving that island daily for the Venezuelan revolutionists.

First Lieutenant von Lengerke, of the German cruiser Vineta, whose death on the "assenger steam or Hispania before her rival at Bremerhaven has been reported, committed suicide. According to an official report, he shot himself with a pistol in his cabin on board the steamer while nearing land. It is added that Lieut. von Lengerke was returning home after having been seriously ill while in the tropics. A rumor popularity circulated is that he lost official favor because he sank the Venezuelan vessels captured at La Guayra and that he was ordered home on that account.

In a dispatch from Rome the correspondent there of the London Daily Mail says: "President Castro, through the three powers that he is disposed to pay the expenses of maintaining the blockading squadron in Venezuelan waters on condition that the blockade be raised immediately. He does not object to their warships remaining in Venezuelan ports. Italy is disposed to agree to this proposition, but she will be guided in her reply by the decision of the other powers. President Castro's request that the powers raise the blockade of Venezuela is still under discussion in London. The Foreign Office inclines to the belief that suspension of the blockade would reduce the situation to the same status that existed at the beginning of the dispute. It appears probable that unless an expedient is devised Great Britain will advocate a continuance of the blockade in some form.

SANTO DOMINGO REFUSES.

The Dominican government yesterday informed Minister Powell that it could not accept any of the propositions submitted by him looking to a settlement of the questions now pending with the United States. The recent decree of the government at Santo Domingo changing the former port dues is considered in some quarters to be an indirect duty on the exportation of sugar amounting to \$2 a ton. Foreign shipping is deriving benefit from the conditions brought about by the decree. Norwegian steamers at present are employed in carrying sugar to the prejudice of United States shipping interests. The planters of the island have raised a loan for the government. Last month it was announced from Santo Domingo that Minister Powell had demanded the withdrawal of the decree changing the port dues. Failing to comply with this demand, he insisted that the Dominican government pay the Clyde line of steamers \$325,000 alleged to be due that company and recognize certain other rights claimed by Minister Powell for the company. January 6 Minister Powell made a demand on the Dominican government for the immediate payment of the sum declared to be due to the Clyde line.

DARING ESCAPE OF CONVICTS.—Frank Edwards, a member of the Minner-Duncan gang, of Birmingham, Ala.; Clint Mobley and Gilbert Allen; a one-armed negro, all convicts, made a daring escape from the Hand Lumber Company's stockade at De Live Monday. Edwards secured a pistol and going to one of the guards commanded him to hold up his hands. They began firing

WINE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

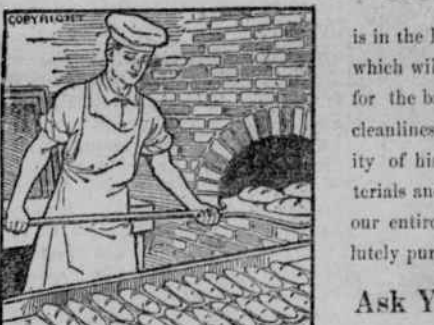

following praise on Wine of Cardui: "Among the numerous medicines placed before suffering women for their relief none can touch McEldree's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need. You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies' Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

together, the guard receiving two slight wounds. Edwards then made a dash for a locomotive standing near, where Mobley was ready at the throttle. With a good start they went through the line to the end of the switch and then took to the woods. Horsemen and dogs were soon on the trail. When overtaken they were ordered to stop and surrender. The pursuers commenced shooting and Mobley was fatally wounded. All were recaptured.

Unconscious from Croup.

During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the asthma and shortly the child was resting easy and speedily recovered. It cures Coughs, Colds, La Grippe, and all Throat and Lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. For sale by E. S. Leadbeater & Sons.
